WHO WE ARE

DTECH NETWORK SOLUTIONS INC.

is a growing solutions provider. DTech leverages technology to break the mold of traditional methods to ultimately improve the business process and improve the bottom line.

We at **DTECH NETWORK SOLUTIONS** offer a range of **GPS** tracking solutions catering to your **Corporate, Private** or **Personal** needs.

Corporate

FLEET MANAGEMENT

Keep real-time tabs on your vehicle position and where it's been. Time costs money.

Private

CAR • BOAT • MOTORCYCLE

Does anyone else use your car, boat or bike? Where do they take them? Protect your investment.

Personal

SECURITY

Do your kids go straight home?
Does grandad wonder off? Is 'fluffy' always getting loose?
Keep track of the ones you love.
